

REQUEST FOR EXPRESSIONS OF INTEREST (REOI)
(CONSULTING SERVICES - INDIVIDUAL (TECHNICAL) CONSULTANT SELECTION)

TÜRKİYE
Municipal Services Project I

Loan No./Credit No./ Grant No.: AFD CTR 1075 01 K / AFD CTR 1075 06 R

Reference No.: AFD2-IND02

ILBANK ("the Beneficiary") has received a grant from the French Development Agency (Agence Française de Développement - "AFD"), for the purpose of financing the costs of the "Municipal Services Project I" (the content of which is further described in the Appendix 1 below). ILBANK intends to apply part of the proceeds for the recruitment of individual consultant services ("the Services") for Technical Consultant position (AFD2-IND02). **One consultant will be hired on a full-time or part-time basis.**

Technical Consultant will join ILBANK's Project Management Unit (PMU), within its Department of International Relations at its headquarters in Ankara, to participate in the daily tasks and activities associated with the management of the Project's implementation, in close collaboration with ILBANK's Regional Directorates and involved Water and Wastewater Administrations (SKIs) and Municipalities. The Service is expected to start in January, 2024. The estimated duration of the project is approximately 3 (three) years. One-year renewable contract with a 2 (two) months probation period, will be signed with the Technical Consultant.

ILBANK invites eligible applicants to indicate their interests for the service mentioned above. For Technical Consultant position, at least 3 (three) applicants will be shortlisted. Those applicants will then receive a Request for Proposal including detailed terms of reference.

Interested applicants shall submit their Curriculum Vitae (CV) in English in the format given in the Appendix II below, before, 04.12.2023, 17.00 (Türkiye time). In their CV, interested applicants must provide information evidencing that they are qualified and experienced to perform the expected service; only recent and similar services shall be considered when ranking the applications. Determination of the similarity of the experience will be based on: (i) the nature of the services performed; (ii) the technical area of expertise; (iii) implementation of international donors' procedures.

Furthermore, the applicants are expected to fulfill all shortlisting criteria detailed below:

- At least bachelor's degree in Engineering (preferably in Environmental Engineering or Civil Engineering) or any other relevant discipline.
- Minimum five years' work experience in solid waste management projects (such as landfill construction, waste to energy facilities, rehabilitation of dumpsites, MBT contracts, biogas production facility, fully automatic mechanical sorting and recovery facilities, RDF production, composting etc.).
- Solid knowledge in waste types, characterization and analysis, relevant legislations and guidelines; various types of waste recovery and waste to energy processes; MBT/MRF design; waste recycling, RDF production / bio drying, composting, safe rehabilitation of old dumpsites, Class-II sanitary landfill design, LFG collection & disposal, leachate treatment etc.
- Experience with the Municipal Sector in Türkiye is an asset.
- Proven track record in the solid waste projects financed by international financial institutions and development organizations (such as the World Bank, the European Union, AFD, JICA, the United Nations) will be considered as an asset.
- Proficiency in key computer applications (Word, Excel, PowerPoint).

- Fluency in written and oral English and Turkish;

Eligibility criteria to AFD financing are specified in sub-clause 1.3 of the "Procurement Guidelines for AFD-Financed Contracts in Foreign Countries", available online on AFD's website: <http://www.afd.fr>

Interested applicants may obtain further information at the e-mail address below during office hours (09.30 to 18.00).

The CV shall be sent in PDF format. Reference Number of the position you apply for shall be mentioned on the CV.

APPENDIX 1 : PROJECT DESCRIPTION

CONTEXT OF THE PROJECT

ILBANK has signed a grant agreement (the “Financing Agreement”) with the French Development Agency (Agence Française de Développement - AFD) on 13th April 2020, towards financing the costs of the “Municipal Services Project I” (the “Project”). The grant was delegated to AFD by the European Commission under the European Union Facility for Refugees in Turkey (FRIT 2). ILBANK, AFD and the European Commission have agreed to extend the scope of the Project. An Amendment n°1 to the Contribution Agreement between the Commission and the Agency was signed on December 18th, 2020.

OBJECTIVES AND CONTENT OF THE PROJECT

1. CONTENT OF THE PROJECT

The overall objective of the Project is to contribute to the improvement of the living conditions of host communities and Syrian refugees in the South-East of Türkiye in terms of access to water & wastewater and solid waste management services.

The specific objectives are as follows:

- (i) Provide access for host communities and SuTPs (Syrians under Temporary Protection) to safely managed drinking water, wastewater and solid waste services.
- (ii) Participate in the protection of the region’s environment and, in particular, of its resources in fresh water, under stress due to climate change.
- (iii) Contribute to the mitigation of greenhouse gas emissions through an improved management of municipal solid waste and wastewater.
- (iv) Support the municipalities and water and wastewater administrations (Su ve Kanalizasyon Idaresi or SKI’s) in achieving operational and financial sustainability in solid waste, water and wastewater services.

The specific objectives (ii), (iii) and (iv) are essential to the first objective’s sustainability.

The Project will consist of three main components, one infrastructure component (Component 1) and one capacity building and technical assistance component (Component 2), one communication and visibility component (Component 3).

The Project, which is meant to last 66 months from 1st January 2020 onward, includes 3 components:

- 1) A water, wastewater and solid waste infrastructure investment component, comprising nineteen projects located in eight provinces (Kilis, Şanlıurfa, Gaziantep, Mardin Mersin, Hatay, Malatya and Adıyaman);
- 2) A technical assistance component, including in particular accompanying measures to improve the performance of solid waste, water and wastewater operators (municipalities and metropolitan municipality water and wastewater administrations called "SKIs"), and to support ILBANK in on-granting management of the Project.
- 3) Communication and visibility actions.

STAKEHOLDERS AND MODUS OPERANDI

The Final Beneficiaries of the Project are the targeted water and wastewater operators, whether municipalities or Metropolitan Municipality Water and Wastewater Administrations (“SKI”), with which ILBANK signed On-Granting Agreements, and which will be the owners of the assets financed as part of Component 1. These are:

- 6 SKI in Şanlıurfa (SUSKI), Gaziantep (GASKI), Mardin (MARSU), Mersin (MESKI), Hatay (HATSU) and Malatya (MASKI) ;
- 4 non-metropolitan municipalities (the centre of Kilis, the centre of Adıyaman, the district municipalities of Elbeyli and Polateli located in the province of Kilis), which manage their water and sanitation services directly under their own management ;
- 2 metropolitan municipalities (Gaziantep and Şanlıurfa) for the solid waste management sub-projects.

ILBANK, a public bank dedicated to the financing of municipal infrastructures, assumes the role of technical and financial intermediary and the functions of project management assistance to the municipalities / SKIs. ILBANK has signed a grant agreement with AFD to that end.

The Primary Beneficiary and technical and financial coordinator of the Project is ILBANK, which will act as the Financial Intermediary (FI) to transfer funds to participating municipalities or utilities in the selected provinces within the scope of Component 1 (investments); in addition, ILBANK will directly procure some tenders in relation with Components 2 and 3 (consultancy services such as audit of the project’s account, communication and visibility services and external supervision for works)

COST AND FINANCING

The Project is financed exclusively by a grant, delegated to AFD by the European Commission under the European Union Facility for Refugees in Turkey (FRIT 2). ILBANK, AFD and the European Commission have agreed to extend the scope of the Project. An Amendment n°1 to the Contribution Agreement between the Commission and the Agency was signed on 20th December 2020. Also with an AFD Loan in the amount of EUR 63 Million, the total budget is EUR 277.82 million.
